Attachment 8

Inspector General's Recommendation Number 3, page 49

Recommended DCI Action: Disapprove

Inspector General's Statement

Recommended that:

DD/P take appropriate steps to ensure that DTR be made a participant, through the presence of his representative or through other effective form of consultation, in all long-range planning for the employment or expansion of deep-cover operations.

DD/P Comment

✓ Non Concur. We see no useful purpose in the actual participation of the DTR or his representatives in the planning and developing of deep-cover operations. We fully agree that the training implications of such planning must be foreseen and discussed with OTR at as early a stage as practicable.
